52.223-16 Acquisition of EPEAT-Registered Personal Computer Products.

As prescribed in 23.705(d)(1), insert the following clause:

ACQUISITION OF EPEAT®-REGISTERED PERSONAL COMPUTER PRODUCTS (JUN 2014)

- (a) Definitions. As used in this clause— Computer means a device that performs logical operations and processes data. Computers are composed of, at a minimum:
- (1) A central processing unit (CPU) to perform operations:
- (2) User input devices such as a keyboard, mouse, digitizer, or game controller; and
- (3) A computer display screen to output information. Computers include both stationary and portable units, including desktop computers, integrated desktop computers, notebook computers, thin clients, and workstations. Although computers must be capable of using input devices and computer displays, as noted in (2) and (3) above, computer systems do not need to include these devices on shipment to meet this definition. This definition does not include server computers, gaming consoles, mobile telephones, portable hand-held calculators, portable digital assistants (PDAs), MP3 players, or any other mobile computing device with displays less than 4 inches, measured diago-
- Computer display means a display screen and its associated electronics encased in a single housing or within the computer housing (e.g., notebook or integrated desktop computer) that is capable of displaying output information from a computer via one or more inputs such as a VGA, DVI, USB,
